At our company, the most important thing about our training is your learning. Because this training is results oriented, your accomplishment and confidence in applying what you've learned is critically important to us. **Please take a moment to evaluate your present level in performing the following tasks** (the primary learning objectives of this course.) Circle the number that best represents your current ability.

We appreciate hearing your comments regarding this class. In order to provide you with the highest quality training and an enjoyable training experience, we use your feedback to continuously update our courses.

PRIOR TO THIS CLASS	Not Able					Able
Creating a Hyperlink	①	2	3	4	5	6
Inserting Images	①	2	3	4	5	6
Using Images with Hyperlinks	①	2	3	4	5	6
Making an Image Map	①	2	3	4	5	6
Using FrontPage Components	①	2	3	4	5	6
Creating a Table	①	2	3	4	5	6
Viewing a Web	①	2	3	4	5	6
Applying a Theme	①	2	3	4	5	6
Modifying a Table	①	2	3	4	5	6
Applying Font Styles	①	2	3	4	5	6

In rating this course, overall, please give us your comments regarding:

The appropriateness of the learning objectives (course content):

excellent

The amount of topics, exercises, follow up practice, & application projects (course design):

Could spend more time learning

The organization and ease of use of the manual (course material):

Okay-- probably could use to be not so repetitive.

What did you like best about this course?

Knowledgeable Instructor: Keith Lawton

What would make this course even better?

Classes that last more frequently.

AFTER TAKING THIS CLASS	Not Able					Able

We appreciate hearing your comments regarding this class. In order to provide you with the highest quality training and an enjoyable training experience, we use your feedback to continuously update our courses.

In rating this course, overall, please give us your comments regarding:

The appropriateness of the learning objectives (course content):
Instructor knows the subject needs more time

The amount of topics, exercises, follow up practice, & application projects (course design):
was sufficient

The organization and ease of use of the manual (course material):
Simple use - a little simpler if computer illiterate.

What did you like best about this course?
The knowledge of creating a web.

What would make this course even better?
Creating personal webs to get hands on training.
Adding more training classes.
